

Foundation Degree in Business

In partnership with:

NOTTINGHAM
TRENT UNIVERSITY 

Designed to provide a general business qualification encompassing skills and knowledge required in an increasingly changing environment, to enhance professional practice, improve employment prospects and raise standards within the business sector.

Entry requirements

Applicants should have studied to a level 3 standard. All applicants will be interviewed. If you are a mature learner we are happy to discuss entry requirements on an individual basis taking into account prior learning and experience.

Course Length

The Foundation Degree is offered as full time for 2 years, or part time for 3 years.

How will I learn?

College attendance with sessions divided between lectures, seminars and work shops. Home study will also be required for all modules.

How will I be assessed?

Assessment is a continuous process throughout the programme, requiring

completed work as assignments, reports, case studies, presentations, exams and online tests. All will be based on real life working environments and simulations.

Progression

The Foundation Degree is awarded through Nottingham Trent University who have established Bachelor programmes as progression opportunities in business.
